

## ***Dunk Tank***

***Attendants Recommended: 1 Adult***

### ***General Rules To Follow During Use Of Unit:***

1. All dunkees (person on the seat) must remove shoes before sitting on the seat.
2. Children's safety depends on you. Only TWO individuals on Wild One Obstacle at one time. Inflate The Fun Inflatables are top quality, well-engineered products, designed for the pleasure and safety of children and adults. Use it Wisely!
3. Only ONE DUNKEE ON THE SEAT at a time!
4. Absolutely no silly string, gum, candy, food, or other foreign substances are allowed in or on the tank.
5. No dunkee under 12 twelve recommended.
6. The dunk tank comes with three balls (you are financially responsible for balls missing or not returned).
7. The throwing distance may vary by age group. Two throwing lines are recommended, one for younger individuals and one for older ages.

### ***Problems: Should your jump begin to deflate:***

1. Make sure the water level is about four inches from the top.
2. Make sure the four corner rings are secured properly.
3. Make sure the unit is on solid, flat ground. A sloped ground may cause uneven water level and or cause injury.
4. If you notice large holes causing noticeable water loss, you may first attempt to patch the hole temporarily and speak to one of our event representatives.
5. I understand that it is my responsibility to return the unit in the same shape, as it was setup. If the unit is returned in any other condition than when it was setup we will charge a \$50.00 cleaning fee. If the unit becomes damaged due to misuse or rough play, the customer will be charged accordingly for repair.

I the undersigned have read and agree to the safety requirements as show above.
